Mount,
Chennai - 600016**

FATHER FOUNDER MESSAGE

The right choices we make in our lives have given fruits to the needful. Every year passes with its own crest and trough molding our perspective of missions that we have towards development of the marginalized poor. It's a great honor to see the seed which we have planted as DMI

DEVELOPMENT MISSION has grown to be as a big tree shooting its roots to the depths of various places and breaking boundaries towards the helpless. Its branches have grown strong in bringing women from various aspects of life and empower them through training employable skills and thereby activating them in the main stream of socio-economic and political life of the society. They are also profoundly trained to face their quest in a significant and efficient way. Not to forget the young buds, our beloved children both normal and special have been the young sprouts of the mission. The children are taught to take up leadership roles to lead each other by good example and learn to be discipline at home and in society.

The staff serves in the mission as instruments in the hands of the creator; we appreciate the hard work of the sisters, staff and all the collaborators including the women leaders. We do not see them as beneficiaries but they are the partners in our mission and in marching towards the Fathers Kingdom may the GOD the Father bless you all.

Rev.Fr.J.E.Arul Raj

**Founder/Director
DMI/MMI**

SUPERIOR GENERAL'S MESSAGE

“I can do things you cannot, you can do things I cannot; together we can do great things.” — Mother Teresa

DMI DEVELOPMENT MISSION in its past year has brought lot of changes with women and children, giving helping hand and walking side by side with hope for the marginalized. It's a choice that we make to fight for their liberty. Not only tyranny, oppression, or exploitation also from annihilation, we stand for their rights to live with dignity.

Our deepest fear is not that we are inadequate. Our deepest fear is that we are not powerful beyond measure for what the world has to offer in its gravest options. It is our light (commitment) not our darkness that gives us hopes. As helping the women to build themselves, DMI stands as the tower of support in service towards the marginalized women. We are all meant to shine as children of God. It's not just in some of us, it is in everyone. And as we let our own lights shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others.

I'm delighted to thank and appreciate all the sisters, staff and the collaborators especially the women leaders for their heartfelt services towards the mission. Once again “together we can do great things” in years to come, Wishing the development team a grand success on their voyage.

Sr.C.Rita DMI

Superior General

Words of gratitude

I can't change the direction of the wind, but I can adjust my sails to always reach my destination.

Jimmy Dean

DMI Mission has uphold its focus on women, children and differently able people, endeavor its complete form of guided work impact. Such a mission would have been impossible without the support and guidance of the founder Fr.J.F.Arul Raj. The development mission team indebted to him for his inspiration and untiring support. All our development efforts are always encouraged and facilitated by our superior general, Sr.C.Rita to whom the development mission holds out its thoughtful gratitude and heartfelt thanks. There by Including Sr. Sasi Rani, the Assistant Superior, General Councilors and Provincials who enabled us to feel that they are part and parcel of our efforts by their personal involvement and timely support. A special word of thanks to Mr. Susai Michael, for his magnificent expertise service in particular to DMI mission for its humanity filled mechanism and also to the development desk for their profound analytical skillful involvement.

We are indebted to express our gratitude to all the federation leaders, members and supporters who are the pillars of the mission. We appreciate and acknowledge the continual support of the partner agencies without which the mission would have been just a distant dream. We express our thanks to all the District Coordinators, all the sisters, staff who are deeply committed to the mission.

Sr. M. Baby DMI
State Coordinator
